## **PART 4: MINERALS & CRYSTALS FOR TIMES OF STRESS** **p. 148**

9 Powers & Functions of Stones for Times of Stress **p. 148**

The Optimal Approach: Individualized Vibrational Testing **p. 150**

Shapes of Stones and their Energetic Effects **p. 151**

### **1. Calm the Trauma: Lepidolite and the Alchemy of Lithium** **p. 156**

Lepidolite **p. 157**

Kunzite **p. 158**

Amazonite **p. 160**

Graphic Amazonite **p. 162**

### **2. Break up the Blockage: Green Aventurine, Prehnite and Chrysoprase** **p. 163**

Green Aventurine **p. 164**

Bloodstone **p. 165**

Prehnite **p. 167**

Chrysoprase **p. 168**

|                                                                                           |               |
|-------------------------------------------------------------------------------------------|---------------|
| <b>3. Extract the Toxicity: Obsidian &amp; Erongo Black Tourmaline</b>                    | <b>p. 170</b> |
| Obsidian                                                                                  | p. 171        |
| More Details on How to Instruct an Obsidian Pendant                                       | p. 173        |
| Obsidian Pendant vs. Large Obsidian "Diversionary Targets"                                | p. 175        |
| When to use Obsidian vs. using Indigo Gabbro                                              | p. 176        |
| Black Tourmaline                                                                          | p. 177        |
| Quartz with Black Tourmaline Rods (Tourmalinated Quartz)                                  | p. 179        |
| <b>4. Ground and Strengthen: Hematite and the Alchemy of Iron</b>                         | <b>p. 180</b> |
| <b>5. Connect, Harmonize and Radiate: Amethyst, the Quartz Family &amp; Crystal Grids</b> | <b>p. 182</b> |
| Clear Quartz                                                                              | p. 183        |
| Amethyst                                                                                  | p. 184        |
| Black Amethyst                                                                            | p. 187        |
| Red Amethyst                                                                              | p. 188        |
| Amethyst Spirit Quartz                                                                    | p. 190        |
| Amethyst Lamp with Phenakite and Indigo Gabbro                                            | p. 191        |
| Citrine                                                                                   | p. 194        |
| Citrine as a Key Stone for Vital Life Force Energy & Warming                              | p. 195        |
| Citrine for Clearing Dampness & "Misting of the Mind"                                     | p. 197        |
| Vibrational Testing for Real vs. Fake Citrine                                             | p. 198        |
| Lemon-Lime Citrine                                                                        | p. 200        |
| Ametrine                                                                                  | p. 203        |
| Smoky Quartz                                                                              | p. 206        |
